

INTERNATIONAL BOWLING MUSEUM & HALL OF FAME

More than 95 million people enjoy bowling, in 90 countries spanning six continents! Bowling is one of the largest participatory sports in the world.

The International Bowling Museum is a 50,000 sq. ft., 3-story history museum --fascinating for history buffs, and fun for young and old alike.

From computer databases to a bowling pin car, from world famous Mettlach steins to zany 50's team shirts, the IBMHF holds the entire story of bowling.

The Museum collects, preserves and displays the 5,000-year history that has led to this worldwide success. A key part of that story is the individual efforts of bowling legends honored in our Halls of Fame.

Go to <http://www.bowlingmuseum.com> and look "Inside the Museum" for a sampling of our many exhibits, and enjoy browsing the site.

Click on Hometown Heroics then click on Hall of Fame, 800/900 or 300 to find the bowler of your choice view the date of their induction or bowling achievement. Hall of Fame names are listed for local, state and national recognition.
